12	4500L/1000G	60"	96"	2200lbs.

General Information

HASSCO's Double-Wall ULC approved vertical tanks are an industry proven, cost effective way to store various fuels. Best suited for applications where space might be an issue, these tanks come with threaded fittings for your connections. All HASSCO tanks are phosphate washed prior to applying a high build metal treatment and two top coats of enviro-smart water based paint. Other coating options such as epoxy and powder coatings are available upon request.
